

This guide is aimed at parents new to the school to set up easyfundraising for their online shopping - and also those of us who aren't new but haven't quite got round to it! It only takes two minutes to set up!

You can shop online as normal, and raise money for our PTA with over 2,700 retailers. It works in a similar way to many other loyalty shopping sites, but instead of earning points when you shop, you raise a donation for the PTA instead. It's as simple as that! The service is totally free and each retailer will donate up to 15% of what you spend, plus voucher codes and special discounts mean you can sometimes save money while you help the PTA.

So far supporters of Aboyne Lodge School have raised £348.01 through this scheme which is great - but the leading schools have raised over £3,000!! If more of us would take just a minute to do this, and encourage friends, family and grandparents to do so too, just think what new playground equipment we could buy.....

To get started ...

1. Go to <http://www.easyfundraising.org.uk/causes/alsa>
2. Click on the green box "Get started"
3. Follow the on-screen instructions
4. Help the PTA even more by sharing the link and encouraging friends and family to sign up too.

The 'Find & Remind' toolbar helps us get even more donations!

5. Then, take another minute to install the fantastic '[Find & Remind](#)' tool to make sure you **never miss a donation** because it tells you when a donation is available when you're shopping online. Supporters who use [Find & Remind](#) raise on average **up to 5 times more!** Once you start raising, you can check the cause leader board and see if you can make it into the top 10!
