

# Exciting drawing competition ideas from the Eco Committee

February 2021

The pupils of the eco committee met this week to discuss environmental ideas they have for you families to do at home.

We looked at these two drawing competitions and wondered if you fancied having a go over half term? You can follow the web links where for each one, you will find a short video and entry details. You will need to send the entries off yourselves, from home but we would love to see your drawings too. If you would like to share your entries, please photograph them and send to the school email with 'Eco committee drawing competition' in the subject line. The office will then forward these to Mrs Handley to share with the Eco Committee.

Good luck and happy drawing!

## Competition 1 – Racing Driver outfit competition!

Envision Virgin Racing team's programme this year is based around the 'Race Against Climate Change' theme. As part of this, they are holding a competition for children to create an innovative **eco-design** for their racing drivers to wear. The illustrator #DrawWithRob has created a tutorial video to help children design and draw their ideas for a race-suit.

The deadline is Thursday February 25th.

Follow the link to find out more:

## Competition 2 – Creative Earth competition!

This is also a fantastic drawing opportunity - it is a competition that highlights the need to care for, and protect, our special planet. Winning entries will be used at the United Nations COP26 Climate Change conference in Glasgow later this year. How fantastic would it be if your drawing featured there?

Take a look and see if you fancy entering. Deadline is Sunday 28th February.
