

The character for this half term is Wise Owl

**Wise Owl - Thinks a lot!**

Wise owl likes to plan what she is going to do. When faced with a challenge, she remembers her previous learning and experiences. Wise owl chooses a method but is happy to change and adapt it. Wise owl understands what she is like as a learner and what she needs to work on.

We want our children to develop the skills (capacities) involved in being reflective learners.

These skills, or capacities, are: **Planning, revising, distilling, meta-learning.**
