WEEKLY BULLETIN

FRIDAY 11th FEBRUARY 2022

MESSAGE FROM THE HEAD

Dear Parents/Carers,

To begin with I would like to say a very well done to Year 1 for their excellent Assembly. I learned something new today: Scott and his team walked 800 miles to the Antarctic. It always amazes me how well the children speak in front of an audience, even at their young age.

This week the Year 6 children went on a visit to the St Albans museum, where they delved back into the murky world of crime and punishment, and learned of some of the harsh punishments that were handed out to some of the residents of St Albans. The children were very well behaved and a credit to the school. Thanks you to the Year 6 team for organising the trip.

On Wednesday, it was the Year 3 children's turn to go out of school, with the class heading to Hendon RAF museum. It sounds like they had a really good day exploring different aircraft and learning about the Second World War. Just

like the Year 6 pupils, they behaved extremely well and were a credit to the school.

This week saw us recognise safer internet day with the children and feeling good week.

On Monday the children had a chance to meditate with our guest teacher Lisa Wilson. It was certainly calm in the school that day and it was great to see the children relaxing in the hall. We also had a Mental Health parents drop in session, which was a good success.

I have noticed that lots of our children have mobile phones. Please be mindful that many of the social media apps are targeted at a much older audience than Primary aged pupils. Every year schools are getting more and more relationship problems coming in from outside school because of mobile phone use. If your child has a phone please help us by keeping a close eye on what they are up to on them and discuss with them what they are using them for.

Have a lovely week!

HOT CHOCOLATE FRIDAY
